

name: _____ **date:** _____

Answer these questions using mathematics skills practised in class.

1. Aizlynn is a pastry chef. She makes white chocolate Scotties every day for Christmas. Each batch has 10 rows of Scotties, and each row has 50 Scotties all lined up. How many Scotties does she make each day?

2. Pete is a roofer. He drives from Rosedale to Chilliwack, BC five days per week. He drives 14km each way. How many kilometres does Pete drive in one week?
