

Mom:

You will be missed forever, Mom. You impacted so many lives - family & friends - more than you know. Generously helping those who needed your help is how you will be remembered, especially by me.

Personally, you changed my life by sponsoring my tuition through college, paying for dentistry, giving me a place to live when I needed it ... too numerous things to mention.

You helped my brother when he needed you the most. You literally kept him alive.

You were there for my sister anytime she needed you.

I am glad to have been with you until you couldn't go on any longer. Thank you for letting me stay in your house and laugh, cry, eat, play cards, talk, and just be with you.

I will remember you as someone who loved to listen to music and dance with your husband, loved flowers (especially roses), and enjoyed traveling, making homemade cards and things for people, baking Christmas cakes for friends, ... so many reasons to remember you.

But, mostly, I will remember you for being my Mom. I love you and always will.

But ... you already know that.
